If you are viewing this in Microsoft Excel, Then Please don't forget to click the coloured tabs along the bottom to visit each Storage Location separately.

Note: 2

Since Eric Returned the Yaesu FC707 ATU, In Early 2007, It's not been Fully Tested And so Its Still in Unknown Condition. (Visually OK)

We still Require the return of the manual.

Tri-Band Antenna and Triplexor was in good condition and fully working

Since borrowing them to Derek both the Antenna and triplexor are in unknown condition until their return. Not Visually seen Since 2006, but Derek informed me on the 8th August 2007 he sill has them, items still not returned by the 4th April 2008 .
